Rotor Wing Flight Instructor (267921)

We are pioneers. We were the first to break the sound barrier and design the first functional jetpack. We were aboard NASA's first lunar mission and brought advanced tiltrotor systems to market. Today, we are defining the future of on-demand mobility. At Bell, we are proud to be an iconic company with superb talent, rapidly creating novel and coveted vertical lift experiences.

Bell is seeking Rotor Wing Flight Instructors to support Bell Helicopter customer flight training in China.

Flight Instructors provide instruction on Bell aircraft regarding aircraft systems, planning considerations and in-flight operations using classroom, training devices, flight simulators and aircraft flight training in various Bell models.

Our instructors also provide subject matter expertise during the design of training modules.

Worldwide off site travel is required for providing academic and flight training to our global customer base.

Position Requirements:

- Current Chinese Commercial Helicopter pilot certificate with CAAC Flight Instructor rating.
- Must have and be able to maintain a FAA Class II medical and Civil Aviation Administration China (CAAC) equivalent.
- At least 1000 hours Helicopter Flight Time
- At least 200 hours Helicopter Flight Instruction given
- Fluent in Mandarin
- ICAO Level 4 English
- Must demonstrate instructional capabilities and required flight experience, preferably in Bell model aircraft
- Instructors are required to travel off site worldwide to provide academic and flight training.

Preferred:

- Experience in Bell products
- FAA issued License
- NVG experience
- Fixed wing ratings
- College degree preferred

Don't miss the chance to join a diverse, inclusive environment where you feel a sense of belonging. As a member of our global workforce, you will collaborate with dedicated, enthusiastic teams where unique experiences, backgrounds and ideas combined with a strong passion for our products take us above and beyond flight.
