

**BELL TEXTRON
POSITION DESCRIPTION**

POSITION TITLE: Rotor Wing Flight Instructor-China
DIVISION: Bell
DATE: Oct 2017

POSITION SUMMARY:

Headquartered in Fort Worth, Texas, Bell Helicopter – A Textron Company has additional plants in Amarillo, Texas and Mirabel, Canada. As the world’s premier provider of vertical lift aircraft, Bell Helicopter continues to provide every customer with products, service and support second to none.

We are seeking Rotor Wing Flight Instructors to support Bell Helicopter customer flight training in China.

Flight Instructors provide instruction on Bell aircraft regarding aircraft systems, planning considerations and in-flight operations using classroom, training devices, flight simulators and aircraft flight training in various Bell models. Our instructors also provide subject matter expertise during the design of training modules. Worldwide off site travel is required for providing academic and flight training to our global customer base.

ORGANIZATIONAL RELATIONSHIPS:

The Rotor Wing Flight Instructor - China reports to Supervisor of Flight Instructors.

PRINCIPAL DUTIES & RESPONSIBILITIES:

- Must demonstrate instructional capabilities and required flight experience, preferably in Bell model aircraft;
- Instructors are required to travel off site worldwide to provide academic and flight training.

REQUIRED EDUCATION AND EXPERIENCE:

- HS diploma or GED.
- Current Chinese Commercial Helicopter pilot certificate with CAAC Flight Instructor rating.
- Must have and be able to maintain a FAA Class II medical and Civil Aviation Administration China (CAAC) equivalent.
- At least 2500 hours Helicopter Flight Time.
- At least 1000 hours Helicopter Flight Instruction given.
- Fluent in Mandarin.
- ICAO Level 4 English.

Preferred:

- Experience in Bell products.
- FAA issued License.
- NVG experience.
- Fixed wing ratings.
- College degree preferred.
