

Job Description

Helicopter Maintenance Instructor (Singapore)-270358

Description

We are pioneers. We were the first to break the sound barrier and design the first functional jetpack. We were aboard NASA's first lunar mission and brought advanced tiltrotor systems to market. Today, we are defining the future of on-demand mobility. At Bell, we are proud to be an iconic company with superb talent, rapidly creating novel and coveted vertical lift experiences.

The Bell Training Academy is looking for a self-starter mechanic with flight line and helicopter maintenance experience to teach at our Singapore facility.

In this position you will:

- Prepare classroom and materials for each class
- Develop and deliver specialized courses for customers
- Develop a rapport with the customer base
- Deliver presentation of the course materials to the customers
- Maintain the Bell Training Academy shop areas in a clean and orderly appearance.

Qualifications

- Hold a valid Aircraft Maintenance Engineer's License.
- Flight line experience maintaining and troubleshooting helicopters.
- Fluently speak, read and write Chinese language.
- ICAO Level of English - written and oral.
- Proficient computer skills and be experienced using MS Office software.
- Outgoing with good people skills for dealing directly with customers.
- Customer first attitude.
- Positive attitude and be a team player.

Don't miss the chance to join a diverse, inclusive environment where you feel a sense of belonging. As a member of our global workforce, you will collaborate with dedicated, enthusiastic teams where unique experiences, backgrounds and ideas combined with a strong passion for our products take us above and beyond flight.
